**OBJECTIVES:**

This course is designed to provide an overview of microbiological principles and laboratory techniques, with an emphasis on healthcare.

**BOOKS:**

There is no required textbook or lab manual; the lab procedures are available as free PDFs on the course website.

**COURSE WEB SITE:**

A course web page is located at: <http://people.fmarion.edu/gpryor> (click on the appropriate links). The syllabus, review materials, exam and lab practical grades, and some extras will be posted at this site.

**IN THE CLASSROOM:**

Classes will meet *IN-PERSON*. It is important to attend lectures and take your own notes; lecture notes will NOT be available. You are allowed 4 excused absences before being dropped from the course. Attendance will be recorded.

**IN THE LABORATORY:**

Laboratory classes will meet *IN-PERSON*. The lab exercises will include hands-on experimentation. Specific guidelines for laboratory procedures are provided in the PDFs available for free on my website. Attendance is required for every lab; points will be subtracted from your lab grade for any absences.

**\*\*Note:** labs will NOT be held on:

**Jan 20 or 21   Feb 3or 4   Mar 17 or 18   Apr 7 or 8**

**GRADING AND EVALUATION:**

Your grade in this course will be based on lecture and laboratory grades combined (/550 points).

The lecture grade (out of 400 points) is based on 4 exams (100 points each). All exams will include multiple choice questions based on lectures and readings. The final exam will NOT be cumulative!

The lab grade (out of 150 points) is based on 2 lab practicals (50 points each) and a lab report (50 points). Attendance in lab is important, and points will be deducted if you are late or absent!

Make up exams are given only for excused absences, if arrangements are made before or within one week after the exam is given.

Overall grading scale:	90 - 100% A	75 - 79% C+	60 - 64% D
	85 - 89% B+	70 - 74% C	< 60% F
	80 - 84% B	65 - 69% D+
