The screenshot shows a job posting page for 'Equal Opportunity Specialist'. The page includes a header with the text 'Our state. Your future. Discover the possibilities.' and a search bar containing 'eEO Specialist'. Below the search bar is a table with the following data:

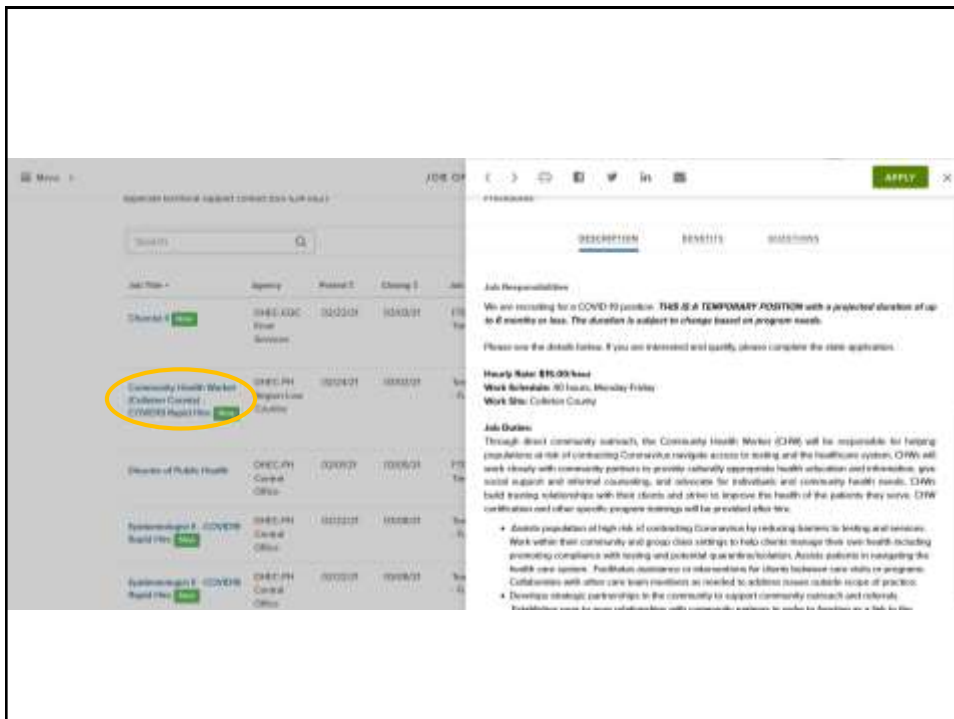

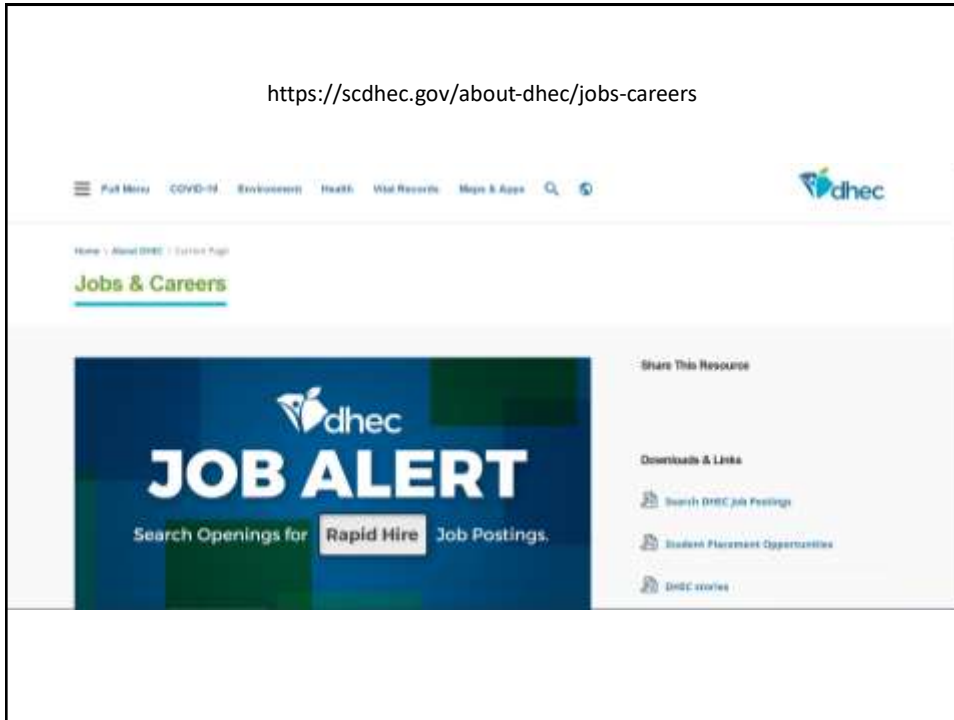

Job Title	Agency	Posted	Closing
<b>INTERNAL POSTING: eEO Specialist 1</b>	Department of Social Services	01/24/21	03/01/21
EO 100 Mgr 6 - AP025	Arkland County's Office	03/24/21	03/09/21

The 'INTERNAL POSTING: eEO Specialist 1' entry is circled in orange. To the right of the table, there is a detailed job description for the 'Equal Opportunity Specialist' position, including sections for 'Job Responsibilities', 'Minimum and Additional Requirements', and 'Preferred Qualifications'.

The screenshot shows the homepage of the DHEC (Louisiana Department of Health and Environmental Control) website. The navigation menu includes 'Public News', 'COVID-19', 'Environment', 'Health', 'Vital Records', 'Maps & Apps', and a search icon. The main heading is 'Welcome to DHEC'. Below this, there are two main sections:

- Know What You're Looking For?**: A search bar with the text 'Search the L.C. Department of Health and Environmental Control (DHEC) website'. Below the search bar are several filter buttons: 'Regular Searches', 'Coronavirus (Sarscov2) (COVID-19)', 'COVID-19 Vaccine', 'COVID-19 for Health Professionals', 'Public Health Clinics', 'Hypertension Updates', 'Regulations', and 'Public Health Laboratory (PHL)'. The 'Regular Searches' button is highlighted.
- Quick Links**: Three blue buttons stacked vertically: 'Vital Records', 'Controlled Substance Regulatory', and 'SC Food Grants'.

**Chemist**

**Duties:** Performs analyses as a Chemist for the Division of Laboratory Services including various organic pollutants in environmental samples utilizing Gas Chromatography/Mass Spectrometry (GC/MS) instrumentation as per approved USEPA methodology. Duties will include, but are not limited to: the collection and analysis of samples, and the interpretation of generated data while adhering to approved DNR Standard Operating Procedures (SOPs), operation and maintenance of analytical instrumentation, and performing quality control functions associated with sample analysis. Assist other staff members with laboratory preparation, general laboratory cleaning, sample analysis, instrument troubleshooting, and other related duties as directed by supervisor and as assigned by the supervisor. Communicate effectively with peers, other scientists, and service engineers on a daily basis. This position may include participation as a member of the Emergency Response Team, monitoring environmental clean-up, which involves 24-hour on-call and response on a rotating basis. Further other duties as required.

**Minimum and Additional Requirements:**  
A bachelor's degree in chemistry, or a bachelor's degree in the natural sciences with academic credits in chemistry, plus work experience in a setting related to the area of employment.

**Additional Requirements:**  
Ability to perform scientific/mathematical calculations, highly complex tasks, and maintain accurate records. Ability to communicate effectively with peers, other scientists, and service engineers. Must prioritize tasks and manage time effectively. This candidate exposure to chemicals or chemicals of concern will be kept below the published OSHA threshold through the use of administrative and engineering controls, respiratory PPE, and through appropriate adjustment of job assignments. Must be able to move and change 60-pound gas cylinders using a hand truck. Must be able to adhere to all safety requirements including the wearing of required safety equipment such as eye protection, laboratory coats, and safety gloves to ensure the safe handling of commonly used laboratory chemicals on a daily basis. Must stand for long periods of time, and lift at least 50 lbs. to common level. This position requires the strict adherence to approved methods and standard operating procedures for the proper collection of quality and technically defensible data. This is a laboratory position and at each involves safety working with various types of chemicals, the physical stability

### Federal occupations by college major

To help narrow your federal job search, below is a list of academic majors and some federal occupations directly related to those majors. Occupations with an asterisk (\*) require an academic degree or coursework in a particular area of study for entry into the occupation. For other occupations, experience or a combination of related coursework and experience may be substituted for a degree. The academic majors and occupations listed are not all inclusive.

You may begin your federal job search on USAJOBS by searching using the four-digit series number of the federal occupation listed after the major. When you find a job announcement that interests you, pay close attention to all sections of the announcement, especially:

**Final thoughts**

- Your dream job is probably not going to fall into your lap (at least not yet)
- No job is probably going to fall into your lap....you have to put in the work
  
- Spend TIME perusing various websites reading job descriptions
- BROADEN your thoughts on what job(s) may work for you right now –  
what might they add to your resumé?
